

pr25
 PROTOTYPE · barrel planes are true cuts; discs project the complete staggered assembly
 Annuli shown only where their z interval intersects the labelled cut/assembly extent

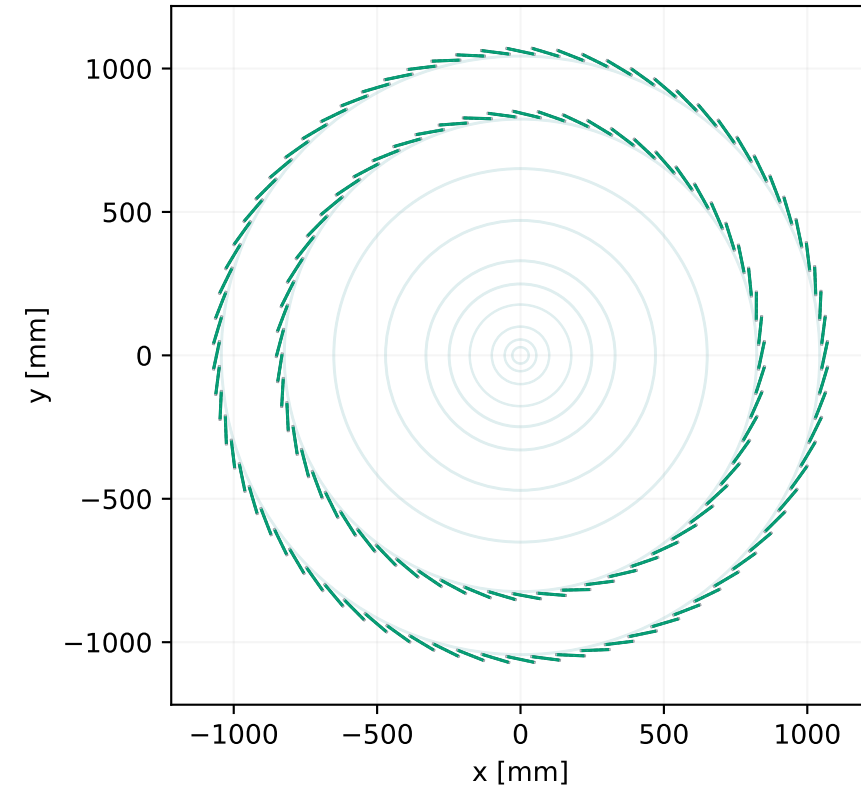

Pixels · actual barrel cut
 $z = 23.07$ mm

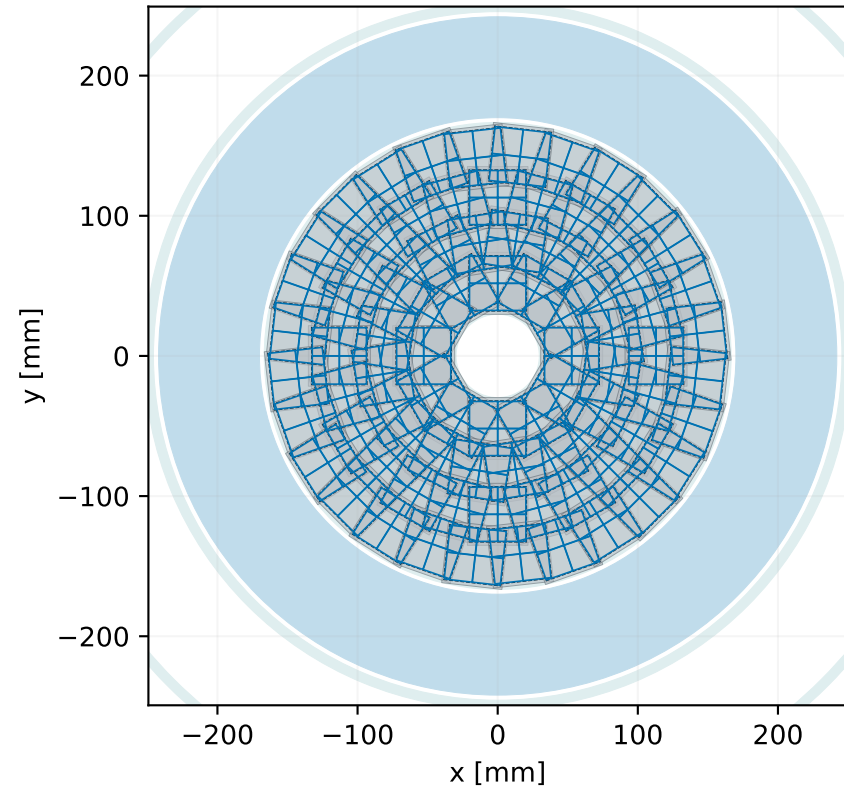

Short strips · actual barrel cut
 $z = 40.67$ mm

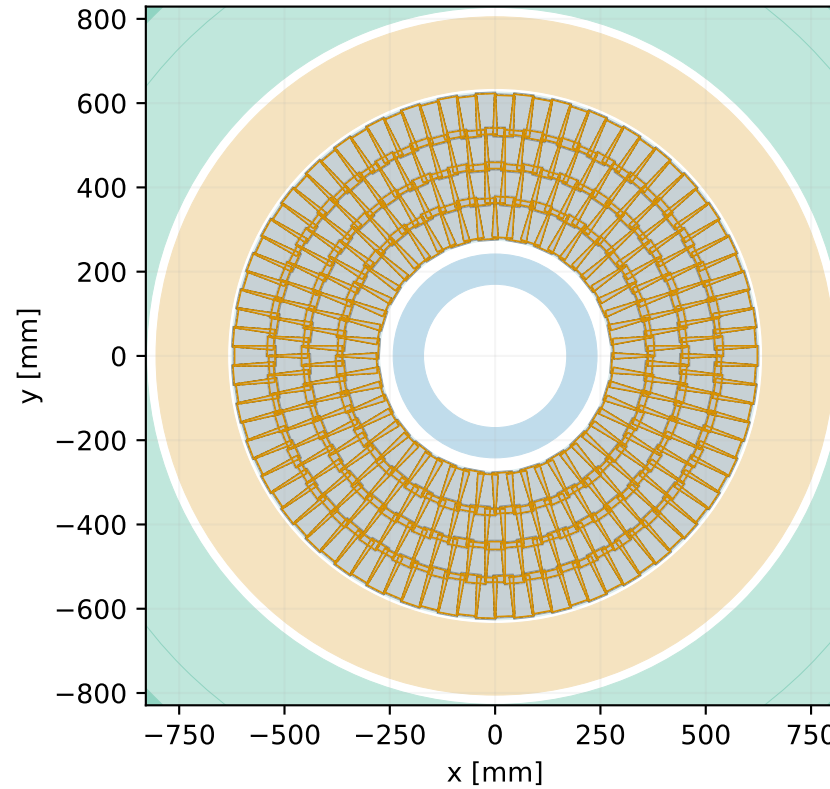

Long-strip pairs · actual barrel cut
 $z = 0.00$ mm

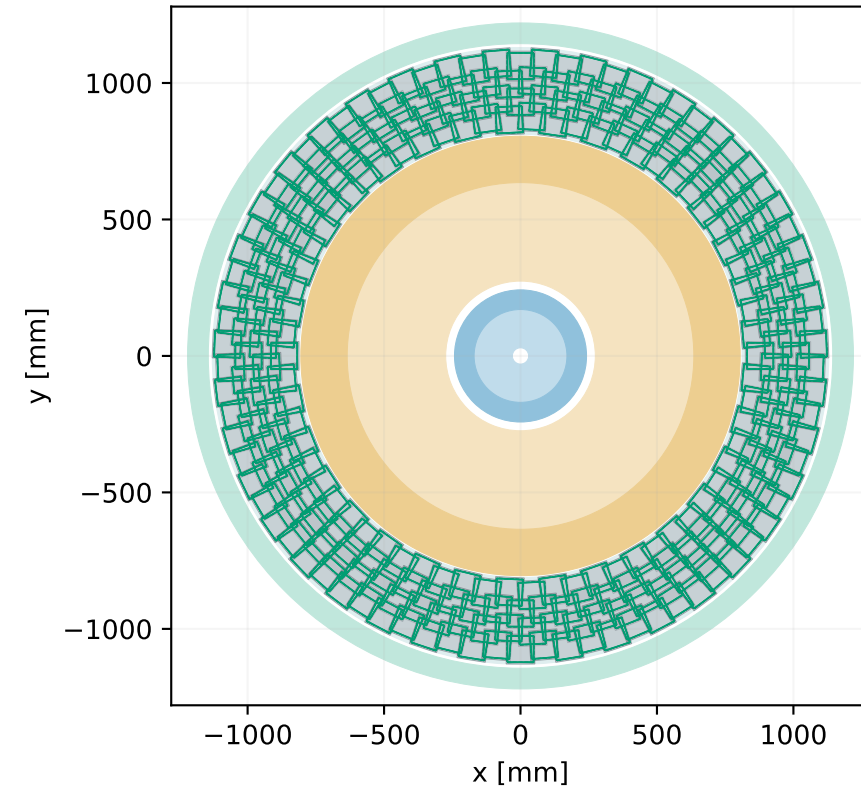

Pixels · first disc projection
 Nominal $z = 650$ mm

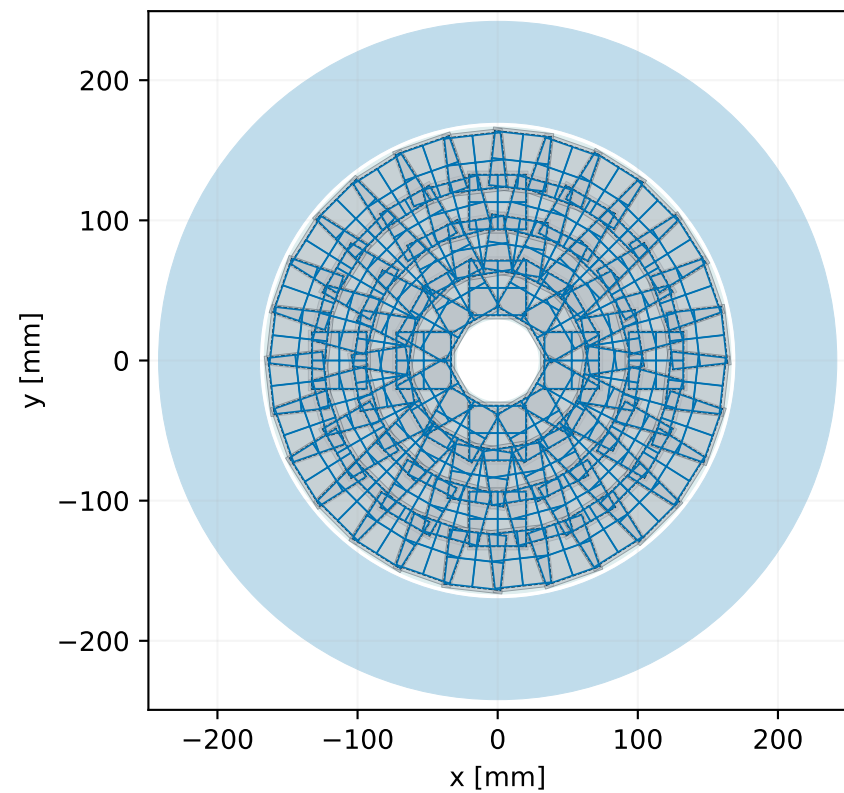

Short strips · first disc projection
 Nominal $z = 1320$ mm

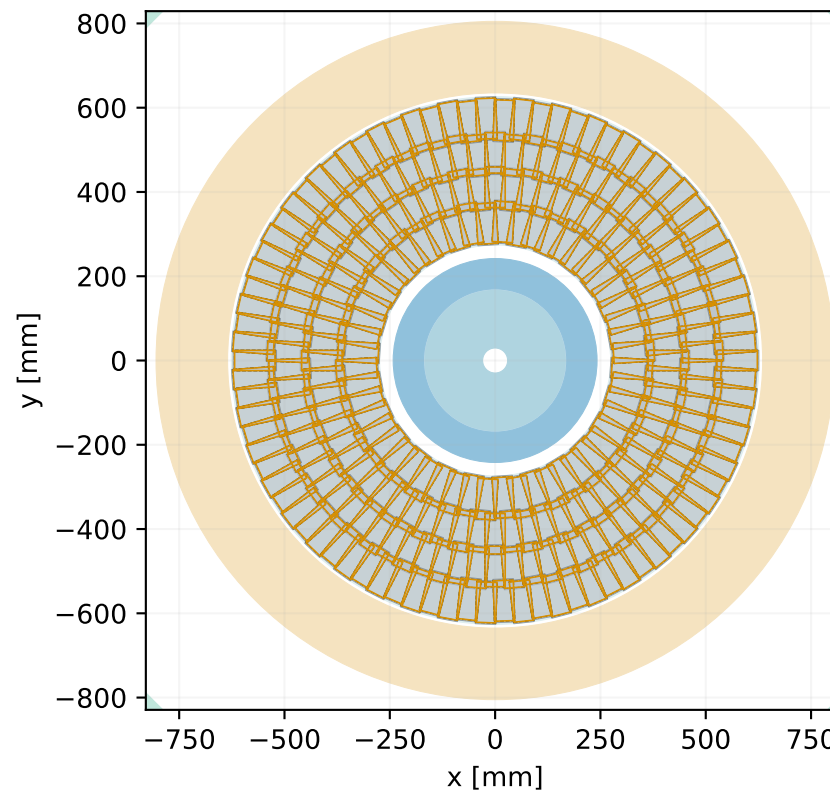

Long-strip pairs · first disc projection
 Nominal $z = 1430$ mm

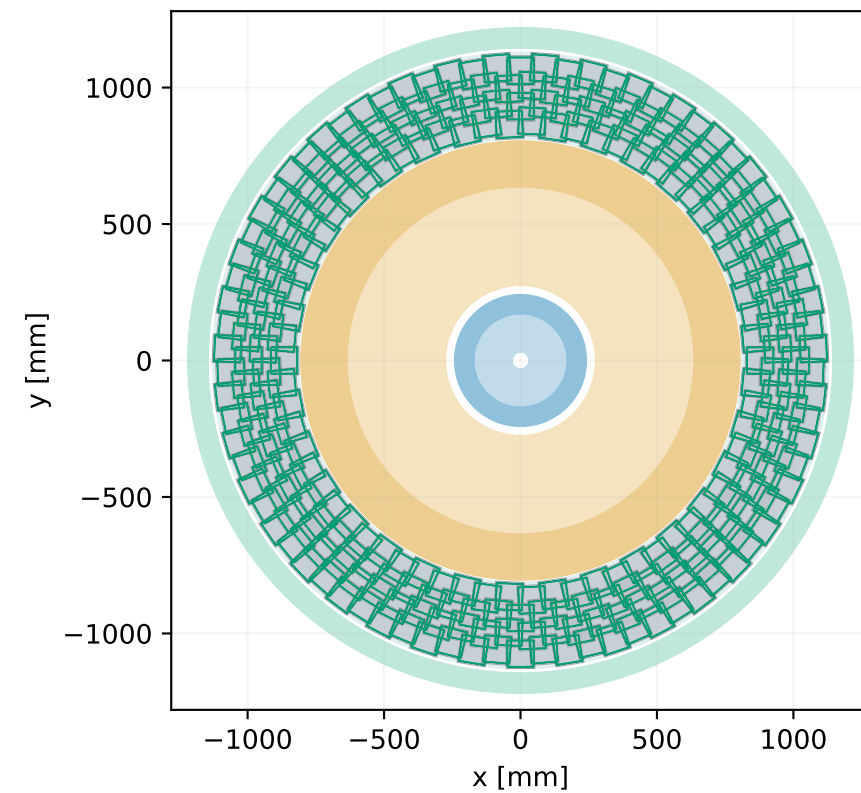

Pixels · final disc projection
 Nominal $z = 3070$ mm

Short strips · final disc projection
 Nominal $z = 3080$ mm

Long-strip pairs · final disc projection
 Nominal $z = 3120$ mm
